

PARTS MANUAL

COMPRESSOR MODEL

P185WJD

Code: G

This manual contains important safety information.

Do not destroy this manual.

This manual must be available to the personnel who operate and maintain this machine.

Doosan purchased Bobcat Company from Ingersoll-Rand Company in 2007. Any reference to Ingersoll-Rand Company or use of trademarks, service marks, logos, or other proprietary identifying marks belonging to Ingersoll-Rand Company in this manual is historical or nominative in nature, and is not meant to suggest a current affiliation between Ingersoll-Rand Company and Doosan Company or the products of either.

Section - Parts Ordering

GENERAL

This publication, which contains an illustrated parts breakdown, has been prepared as an aid in locating those parts which may be required in the maintenance of the unit. Always insist on genuine Ingersoll-Rand Company parts for your compressor.

Ingersoll-Rand Company can bear no responsibility for injury or damages resulting directly from the use of non-approved repair parts.

Ingersoll-Rand Company service facilities and parts are available worldwide. Consult local yellow pages or visit: www.portablepower.irco.com.

Special order parts may not be included in this manual. Contact the Mocksville Parts Department with the unit serial number for assistance with these special parts.

Description

The illustrated parts breakdown illustrates and lists the various assemblies, subassemblies and detailed parts which make up this particular machine. This covers the standard models and the more popular options that are available.

In referring to the rear, the front or to either side of the unit, always consider the drawbar end of the unit as the front.

Standing at the rear of the unit facing the drawbar (front) will determine the right and left sides.

Fasteners

Both SAE/inch and ISO/metric hardware have been used in the design and assembly of these units. In the disassembly and reassembly of parts, extreme care must be taken to avoid damaging threads by the use of wrong fasteners.

How To Order

Always specify the model and serial number of the unit.

Specify the part number and description.

Section A - COMPRESSOR PARTS

FRAME and LIFTING BAIL

This diagram illustrates the assembly of the rear wheel and suspension system. Key components labeled include:

- A:** Rear housing of the machine.
- B:** Shock absorber.
- C:** U-bolts for the axle.
- D:** Mounting bracket for the shock absorber.
- E, F:** Screws for the shock absorber mounting.
- G:** Mounting bracket for the rear housing.
- H:** Screw for the mounting bracket.
- I:** Shock absorber.
- J:** Wheel hub.
- K:** Wheel.
- L:** Wheel nut.
- M:** Wheel washer.
- N:** Axle.
- O:** Axle bracket.
- P:** Axle nut.
- Q:** Axle washer.
- R:** Axle bracket.
- S:** Axle bracket.
