Parts News – October 2009

## Engine diagnostic tools

New in the Doosan Portable Power spare parts range, are the new engine diagnostic tools for Cummins, Yanmar and John Deere engines.

**P/N 46518098**

### Engine diagnostic tool for Cummins engines (QC5100): P/N 46518098

- PowerSpec CE reads Cummins engine configuration settings
- PowerSpec CE transfers a HotSpec created by the PowerSpec PC application to your Cummins engine
- PowerSpec CE reads active and inactive faults
- PowerSpec CE clears inactive faults
- PowerSpec CE reads and resets vehicle trip data
- QuickCheck CE reads electronic engine and vehicle subsystem data
- QuickCheck CE reads engine/vehicle operating parameters
- QuickCheck CE reads and stores active and inactive faults
- QuickCheck CE reads and stores dataplate information
- Stored information on the QC5100 handheld computer can be downloaded to a PC with an ActiveSync® operation
- Operating parameters displayed by QuickCheck CE can be changed using QC Configurator

***Consult Service Letter 40006 for more information.***

### Engine diagnostic tool for Yanmar engines: P/N 46518086

- Read and store fault codes
- Log engine performance
- Program engine controller
- Program new fuel pump or injectors information in ecu

***Consult Service Letter 40004 for more information.***

**P/N 46518086**

Parts News – October 2009

### Engine diagnostic tools (cont.)

---

#### Engine basic diagnostic tool for John Deere engines (Murphy): P/N 46518080

- Displays all CAN values being broadcast by engine
- Includes all temperature, pressure, voltages, percent load, plus Stored and Active Diagnostic Trouble Codes (DTC's)
- Allows for display of a single parameter or four parameters at one time
- Provides display of wait-to-start information for glow plugs and air intake heaters (if applicable)

P/N 46518080

*Consult Service Letter 40005 for more information.*

#### Engine full diagnostic tool for John Deere engines

P/N 46520607 JD Diagnostic Tool Installation DVD (laptop software)

P/N 46520615 JD Diagnostic Tool Hardware Connection Kit (engine to laptop)

P/N 46520789 JD ECU Programming Kit (office programming)

**JOHN DEERE** Service **ADVISOR™**

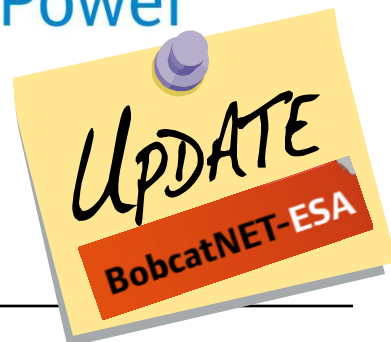

- Reprogramming via John Deere Custom Performance, performing diagnostic tests, and retrieving diagnostic trouble codes, etc. plus more!
- Contains up-to-date Engine Operator's & Component Technical Manuals for all engine series
- Provides for intelligent keyword search of the data
- Allows for electronic record keeping on past problems worked
- Portability to take the data to the field without bringing a multitude of paper publications
- Future capability for remote diagnostics via various wireless protocols including Bluetooth
- Easy installation/updates
- Ability to customize Windows-based screen layouts

*Consult Service Letter 40009 for more information.*

## Freight: Estimated Time of Arrival on BobcatNet

As per our notification by e-mail on 27 August, the stock order calendar has been updated and posted on BobcatNet. It now shows the Estimated Time of Arrival (ETA) of your parts shipments.

This excel file can be downloaded from: [BobcatNet/Portable Power/Parts/Parts Policies & Operating Standards /Stock Order Calendar Sept 2009.](#)

Nothing has changed for the EU-countries. What is new is that **we now have an elaborated stock order calendar available for the NON-EU (or export) countries.**

We hope this calendar will increase visibility on freight details.

For any further details or questions, do not hesitate to contact your parts Customer Service Representative in Dublin.

## Doosan Infracore Portable Power

Parts News – October 2009

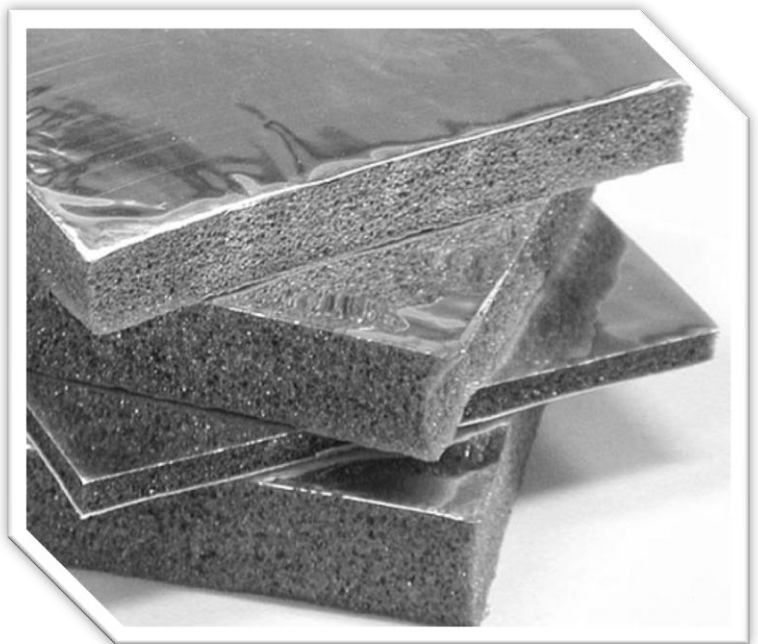

**NEW**

### Foam sheets for Portable power products

Supplying foam sheets for current Doosan Portable Power Products is a very time consuming process, even more so for older machines.

Furthermore, due to the small quantities involved, it proves to be proportionally very expensive.

To address this problem, Doosan Portable Power now offers **complete foam sheets** from which the **customers can cut** the right shape to their own individual application.

PART NUMBER	SIZES
92949742	1.9m x 1.5m x 25mm thick (7'x5'x1" thick)
92949759	0.95m x 1.5m x 25mm thick (3'x5'x1" thick)
92949767	1.9m x 1.5m x 50mm thick (7'x5'x2" thick)
92949775	0.95m x 1.5m x 50mm thick (3'x5'x22 thick)
